

2016 SOUTH INDIA

In November 2016 we are operating a small group tour of South India.
(A few years ago we operated a similar tour with a group of photographers, who were delighted with their experiences - this tour follows that successful itinerary.)

This is a small group tour (with a minimum number of six participants, and a maximum number of twelve) and it will be led by Dennis Jones who has been travelling to India for forty years.

The tour departs on 31 Oct 2016 and arrives back in Australia on 24 Nov 2016.

This tour covers a vast array of "the south" including:

- * Pondicherry - a little bit of France in India
- * Bangalore - "high-tech", but rich in history and culture
- * Mysore - the colonial past of the sub-continent
- * Bandipur - a safari in the best National Park in the south
- * Ooty - a hill station with luxuriant tea plantations and a ride on a "little train"
- * The Kalamandalam - the best dance training school in the region
- * Kochi - the port and heart of Kerala
- * Kerala Backwaters - relax for a few nights on the soothing backwaters
- * Kovalam - top it off with shopping, beaches and spas
